

MICROLAC 9000

Chemical nature
Appearance
Solids content

Wax in solvent
Amber liquid
5.0 ± 1.0 %

Applicazioni

MICROLAC 9000 è una cera in solvente da utilizzare nelle mani finali di fissativi asportabili.
Ottima per il suo potere autolucidante, sia alla spazzolatura che alla abrasivatura, lasciando una mano liscia.

Main applications

MICROLAC 9000 is a wax in solvent to be used in final applications of removable fixatives.
Very good for its high auto-polishing power both on brushing and brushing-off, giving smooth hand.

KEEP FROM FREEZING - CAN BE STORED FOR 6 MONTHS BETWEEN +5 AND +35°C

This sheet is a synthetic illustration of the product to enable the user to employ it at the best. Properties and values are not, therefore, sales specifications.
Our application recommendation are in line with our present state of knowledge and they do not exempt the customer from performing his own tests to determine the suitability of the supplied products for the intended purposes. Application of the products lies outside the scope of our control and therefore comes within the customer's sphere or responsibility.
Expiry date refers to the product well closed in the original container, correctly stored. Some particularly sensitive products, when open, should be used rapidly.
Stir well before using the product, close tightly the container to preserve the properties.
Our technical service is at your disposal for any recommendation.
