| | |
|--------------------|-------------|
| Appearance | White paste |
| Active substance | 40 ± 3 % |
| Ionic character | anionic |
| pH (10 % solution) | 10.5 ± 1.0 |

PROPERTIES

DERMACLEAN C/PASTA can find many applications, such as:

- degreasing agent
- imbibent
- dispersing and equalising agent for dyeing
- emulsifier for pure oils.

Moreover, using DERMACLEAN C/PASTA in retanning, it gives the leather a particularly soft and mellow handle.

APPLICATION

0.1-0.5 % as an imbibent.

1÷2 % other applications.

When correctly stored, it is stable 12 months.

This sheet is a synthetic illustration of the product to enable the user to employ it at the best.

Properties and values are not, therefore, sales specifications.

Taking into account the several possibilities of application of this product, no warranty of the results is possible.

Expiry date refers to the product well closed in the original container, in fresh and dry area. Some particularly sensitive products, when open, should be used rapidly.

Stir well before using the product, close tightly the container to preserve the properties.
