

PATO GS606

PATO GS606 is a particular combination of a synthetic base with modified natural oils.

TYPICAL ANALYSIS

Appearance	Yellow brown paste
Active content	33 ± 3 %
pH (10 % water solution)	6.0÷8.0

PROPERTIES

PATO GS606 reduces the tension of the leather fibers and relaxes the leather. This results in smooth grain and well distended leather.

It penetrates deeply into the leather and gives a very soft, light weight and full handle.

PATO GS606 can be used as sole fatliquor, but also in combination with other fatliquors.

APPLICATION

From 5.0 to 15.0 % is the amount for most cases.

When correctly stored, it is stable 12 months.

This sheet is a synthetic illustration of the product to enable the user to employ it at the best.

Properties and values are not, therefore, sales specifications.

Taking into account the several possibilities of application of this product, no warranty of the results is possible.

Expiry date refers to the product well closed in the original container, in fresh and dry area. Some particularly sensitive products, when open, should be used rapidly.

Stir well before using the product, close tightly the container to preserve the properties.
