

K-LIME 52

K-LIME 52 is a blend of polyfunctional amines in aqueous solution.

TYPICAL ANALYSIS

Appearance	Yellow to brown liquid
Chemical composition	Aqueous solution of amines
Active content	31 ± 3 %
pH (10 % aqueous solution)	10.5±1.0
Water solubility	Pourable

PROPERTIES

K-LIME 52 is a new liming auxiliary which enables to obtain smooth hides due to its particular anti-wrinkle action.

K-LIME 52 is also used in enzymatic lime.

APPLICATION

The amounts to be used can vary according to the hides to be limed. It is recommended an average amount of 0.5÷1.5 % on pelt weight.

When correctly stored, it is stable 12 months.

This sheet is a synthetic illustration of the product to enable the user to employ it at the best.

Properties and values are not, therefore, sales specifications.

Taking into account the several possibilities of application of this product, no warranty of the results is possible.

Expiry date refers to the product well closed in the original container, in fresh and dry area. Some particularly sensitive products, when open, should be used rapidly.

Stir well before using the product, close tightly the container to preserve the properties.
